

A New Name and a New Look

THE GATHERING

Event Hall

Pictures are our design inspirations; final product may change during remodel.

As we continue to make improvements around our resort, our current clubhouse will begin a thorough remodel the end of this year and into the beginning of 2026. This will make the perfect venue for your next wedding, family reunion and rally group event. We already offer different package options like pizza and ice cream. We will be adding new packages such as linens and coffee bar supplies. Our Event Hall can be booked through our amazing office staff. Ask them more details about saving on rates with groups that book 10+ sites.
